

Concrete Master

Abrasion resistant silo/bulk suction and delivery hose

Concrete Master is particularly suitable as a suction and discharge hose for abrasive media and dry materials, for example in silo trucks or for use in waste concrete recycling plants. The abrasion value of the inner tube is <50 mm³ in accordance with ISO 4649:2024. The outer and inner tubes are electrically conductive.

Technical characteristics

Temperature range: -30 °C to +80 °C

Standard Length: 40 m

Colour: Black

Construction

Cover: NR/SBR

Reinforcement: Textile cord, steel spiral, copper litz wire

Lining: NR
